

HEALTHCARE FOR CONVICTS

OVERVIEW

<i>Project Name</i>	Healthcare for Convicts
<i>Mission Statement</i>	We are dedicated to providing healthcare resources inside prisons and to individuals released from prison to ensure all members of society have proper access to healthcare
<i>Project Goals</i>	<ul style="list-style-type: none">● To provide better access to healthcare to inmates● Have more doctors and nurses available in prisons● Ensure individuals leaving prison get the same access to healthcare in the real world● Make healthcare affordable and easily accessible● Have mental health services available in the community● Urge correctional facilities to make prison programs more readily available
<i>Programs and Services</i>	<ul style="list-style-type: none">● Partner with local healthcare agencies and hospitals● Create a program released inmates can join to give information on healthcare and locations they can visit that will assist them● Visit prisons and educate inmates on where to find healthcare and the importance of being treated quickly● Create support groups for convicts
<i>Target Audience</i>	The people that will be benefiting from this program are incarcerated individuals and people recently released from prison
